

MT-RJ Adaptor

Lightem offers a wide variety of adaptor configuration for meeting almost any application. Patching, attaching the two connectors together in perfect alignment condition, is always the critical part of the network. Couplers, hybrid adaptors, or male to female type adaptors or bare fiber adaptor are available from us.

The singlemode and multimode MT-RJ products available are used in two fiber optical interconnects and are therefore well suited for high density applications. The MT-RJ Adapter comes standard in black, with additional colors available upon request.

An MT-RJ Adapter with SC style housing is also available for applications where SC footprint is required.

Features

- Fully in compliance with IEC 61754-18 MT-RJ type connector specifications
- Precision mechanical dimensions
- Flanged and SC footprint type available
- Snap/latch mounting mechanism

Specifications

Item	Parameter
Insertion Loss	≤0.2 dB
Durability	0.2 dB Max
Withdrawal Force (g/f)	200 ~ 600
Operating Temperature	-40°C ~ +85°C
Standard	Compliant with JISC5974, Bellcore GR-326, IEC61754-4, TIA / EIA 568B, IEC60874-10, Telcordia, JIS compliance
